

9-12-18

Dear Bobby Bonds Memorial Foundation,

My name is Eric Gallodoro and I am currently in a treatment facility in Knoxville Tennessee for my drug and alcohol addiction. It is my understanding that you helped assist a friend of mine Mr. Tony Fannore in paying to get five teeth extracted. I want to thank you for helping me get relief from the pain those teeth caused me for so many years. It has made it easier to focus while in treatment and I am not living off Ibuprofen everyday. Me and my family thank you very much.

Sincerely,

Eric Gallodoro
